Equal Protection Clause Video

Watch the "Equal Protection" video and take notes. Make a bullet point list of items you learn from the video. You can type your notes in a Google Doc or you can handwrite your notes. If you type your notes in a Google Doc, please make sure you print your notes BEFORE class so you can show me at the start of class on Wednesday. The speaker in the video talks pretty quickly, so you may need to rewind and/or pause a few times.
